

OFFICIAL SUGGESTS CUT IN TAXATION

Petroleum Industry Suffered Burden Of Taxes

Inquiry Told

ALBERTA, June 28.—The people of Alberta or Canada feel gasoline should be sold at less than it will obtain, but results by endeavoring to reduce "excessive" taxation on petroleum, said Richard Saunders of New York, secretary of the Texas Corporation, at the McGill-Veray Royal Commission Tuesday.

The petroleum industry both in Canada and the United States suffered under a "burden of taxation" and if this burden was removed gasoline would be one of the cheapest commodities and could be sold to the "poor" people, said Mr. Saunders.

In Alberta taxation on a gallon of gasoline approximated 10 cents, he said.

To show that gasoline and petroleum products were not sold to the public at excessive prices, Mr. Saunders said return on the petroleum industry investment in the United States for the years 1929 to 1937, inclusive, was only 1.38 per cent.

In reference to competitive conditions in Alberta and Canada, Mr. Saunders declared that the Texas Corporation of Canada had not made a cent either in Canada as a whole or in the province of Alberta.

Government, because of constant increasing taxes, have been in chief beneficiaries from operation of the oil industry," he said. "In fact, taxes have been substantially too high. Because of excessive taxes, the industry has been unable to sell its products at prices sufficiently low to make the products available to the people at a price although its market is controlled by a few low income consumers."

The spilling of the McNeil family's grief over the deportation of their daughter was intensified by the immigration authorities who informed the United States.

Trochu citizens turned out en masse last week in answer to a call by Trochu Fire and Police to help out with the fire pump, but little damage was done. Canadian Women Should Train for Government C.W.L. Meet Is Told

WINNIPEG, June 28—Canadian women must fit themselves for leadership in government, Mrs. J. A. MacCabe, Ottawa, told the Catholic Women's League of Canada convention here Tuesday in delivering the citizenship committee report. Women have made themselves necessary in the business, educational and professional fields, but have not yet become necessary in the realm of government, and for this they were themselves partly to blame, she said.

NOT INTERESTED
Ninety per cent. of Canadian women were not interested sufficiently to improve their status in politics. The League of Canada was bringing Catholic women more intelligently and more constructively into civic life.

Catholic groups should co-operate with civic authorities, boards of education and health and social agencies because such bodies should not act to the detriment of Catholic rights when a well-informed Catholic representative was in close touch with them.

Mrs. MacCabe and the League urged any legislation tending to restrict the stability of the home or to bring about disintegration of the family to the detriment of future citizens of Canada.

Mrs. C. J. McGivillay, Antigonish, N.S., national convener of social service, reported the League had spent \$17,878 in the past year in helping the needy. A total of 15,000 pieces of clothing had been distributed.

GIRL GUIDES
Reporting for the Girl Guides committee, Mrs. W. L. Durk Guelin, N.B., noted a marked increase in the number of girls in the province of Quebec with a total membership of more than 6,000.

Battle Data

One For Book
Winding Up

JUST before the battle we'll round up a few of the sidelights from the New York scene.

Tony Galento and Joe Louis will get started at each other at 7 p.m. Edmonton time tonight. It is expected that the gate receipts may reach \$500,000. Joe Louis will take 40 per cent of this sum while Galento gets 15 per cent. The fight will be outdoors in Yankee Stadium. If the weather forces postponement the bout will be held Thursday night at the same time.

Thundering Tony will have plenty of home town support at the ring-side. The folks in Orange, New Jersey, have formed a Tony Galento Association whose members will travel to New York for the fight in six special buses. The association has also hired several bands to be ready for a victorious parade as soon as Tony settles "his bum, Louis." Mayor Blawie of Orange has promised to decree an official civic holiday if Galento wins. Present indications are that fully one-quarter of the 20,000 citizens in Orange will be at the fight.

Joe Louis beats Galento in only two measurements—both mighty important. The champ has four inches the better of Galento in height and four inches the better of him in reach. From the neck to the chest Tony outmeasures Joe by plenty. He weighs 20 pounds more, his ankle is five inches larger, his neck two inches, his waist 10 inches, his biceps two inches, his forearm two inches, his first two inches, his thigh five inches, his calf three inches and his ankle one inch. Tony is a mighty solid and substantial citizen when you put the tape measure on him.

Just before the fight two groups of sportswriters assembled to cover the fight, only three picked Galento to win. Cy Pesman of the Philadelphia Inquirer says Tony winning in three rounds. Jack Miley of the New York Post figures Galento will win "by a head." Lester Rosenberg of the New York World Telegram just says "this is the battle of the century." The forecast is a Louis win in from one to five rounds. The remarkable thing is that nobody figures the bout has the slightest chance of going the full 15 rounds.

Eddie Kleinman, who does a big part of the boxing around New York, figures that the odds against Galento will be down to 1-4 by fight time.

Edmonstons will have a chance to see the pictures of the fight almost before the shouting has died away—certainly before the rumble on the lower have had time to dissipate. The films will be shown by air and are expected for clearing on Friday afternoon. They open at the Radio on Saturday.

Railbirds Ride Them Home

I'VE OFTEN wondered what would happen if one spectator at a horse race were to be match remount and ride in one of the horses that has thrown its rider. That very thing happened yesterday in the Super steeplechase at Wellington, New Zealand.

Two spectators got the idea at the same time when a couple horses jumped their riders with only a few barriers left to the finish line. One horse with a jockey was away not ahead of the field and won. One spectator flopped around on Kikori while the second one had a real battle to get back into third place money, beating a mount with a regular jockey.

The stewards ratified the queer finish and allowed the winners of the horses ridden by spectators to collect second and third place prize money. These two alert railbirds that climbed aboard the riderless horses must have had their money down on the nap they grabbed.

Winding It Up

RACING people have deeply regretted the sudden death of W. "Scotty" Thompson in a Winnipeg hospital last Sunday. Western racing lost one of its most able trainers in Scotty. He has been the kingpin of Dr. E. T. Myers Fox Trotting stable from its start. It was largely the winnings of talented old Mac McLeod, bought from George Adair, that built up the Myers string.

The licensed lad you see around with the familiar face is Johnny Shepard of hockey fame. He has just come back to train after many months in far north as a game warden. Johnny will tell you that the north can't be put for being a man in top physical condition.

Blondy Chrane Likely Mat Foe For Abbot Friday

BLONDY CHRANE, the soft-spoken fair-haired young man from Kentucky who captured much of the honors in last week's wrestling bout at the Memorial Hall, will likely meet Ace Abbot, another soft talking southerner, in the main event tonight at the Memorial Hall Friday evening. By popular demand, this pair will in all probability be brought together and will headline Promoter Cutler's weekly muscle fest.

Blondy, whose first name is Lewis, has small home town at the tender age of 19. He is a professional wrestler and a promoter which is also in Kentucky.

He started high school and entered the amateur wrestling team, but wrestling his way through high school and winning many titles and medals for his wrestling. All through his amateur days Blondy did not lose a match.

Immediately after leaving high school the wandering "Blondy" entered professional ranks and toured the States and Old Mexico from coast to coast. He has been one of the best wrestlers in the wrestling game. By the time "Blondy" reached the age of 20 he had already fought three championship matches.

He then returned to his home town where he studied mechanical dentistry, and having completed this course, went to work in a commercial laboratory for 13 months.

While working here he was made manager of the laboratory. After two years of hard and constructive work, the wandering "Blondy" came back to the young fellow. The "Blondy" already had a strong hold on him and it was not long before he was wrestling with him. He is now rated among the best in the world.

He is now rated among the best in the world. He is now rated among the best in the world. He is now rated among the best in the world.

He is now rated among the best in the world. He is now rated among the best in the world. He is now rated among the best in the world.

Maple Leafs Beat Reds: Lead Junior Boxla Final

MAPLE LEAF ATHLETIC CLUB drew the goal margin in last night's junior box lacrosse playoff final as they vanquished the West End Reds by a 3-2 score in the second game of the final best-of-three game series for the city championship and the Dr. MacBeth trophy. By virtue of the triumph, Leafs are out in front in the series and need only one more win to cop the final. The first game ended in a tie score.

Third and final game of this series will be played on neutral grounds. This game is booked for Thursday night at the Scotia Centre rink and will start at 7 p.m.

Leafs proved a better team in their combination plays last night. They had more polish around the goal, as Reds missed on many chances by poor shooting.

The Leafs showed their winning rally in the third quarter as they tallied twice. Playing a sturdy defensive game in the fourth period, the Leafs allowed Reds but one tally as the Reds' desperate efforts failed by a goal.

Jackson, snapping up Newcomb's passes sent the Leafs into the first period. The teams battled through a scoreless second session and then Leafs broke the tie in the third quarter on the score on Marshall's lone tally.

Darwin hit up the Leafs' conversion on Walter Davidson's pass sent Leafs in front by two goals in the third quarter.

MacKenzie drilled home Pardee's pass in the fourth to allow Leafs lead to one, but Reds couldn't overcome this margin despite their desperate efforts.

Despite a severe mouth injury early in the game Malone, in the lead goal, played a great game for the Leafs. Harris, Jackson, Darling and Newcomb scored for the Leafs. Pardee, Reardon, MacKenzie and Simpson looked the pick for the Leafs along with Stevenson in the Red goal.

West End Reds: Stevenson, Stacey, Nair, Reardon, Barker, Simpson, Hoggan, David, Marshall, McCullum, MacKenzie, Pardee, Coffin.

Gallen and Wilson scored for the Leafs in the fifth and sixth, while MacDonald got one for the Leafs in the sixth.

There was no more scoring until the ninth, when McDonald and Lane hit single and came home.

Beryl Washington hit up the Leafs by singling to centre to score two runs in the ninth.
